MISS VIRGINIA HAGER WINS PIANO.

Result of Big Sandy News Popularity Contest, Which Closed March 22.

The Big Sandy News Prize Popularity Contest is now a matter of history. The official standing tells the story of the great race in which the balloting ended at 9 o'clock last Saturday night, when the judges opened the ballot box and commenced the work of counting the votes. The checking of the records was a very tedious task, but the systematic manner in which the judges conducted the count was so thorough that there was no chance for an error. The votes were counted with an adding machine and the results were then checked and rechecked.

One of the most interesting features of the contest was the friendliness of the rivalry between the contestants and this good will was in stronger evidence when the winners were announced.

All the candidates have been given even though their names do not appear on the list of winners. They have increased their circle of acquaintances and have cemented the bonds of friendship even closer than when admiring friends placed their names before the public as a candidate for a prize.

Among the congratulations received by the fortunate were those of the candidates who were in the race against them, personal friends in many cases, who had come to the close of the contest with a good deal of spirit to put up a battle of this nature and it takes a strong will to be a cheerful loser, but we are sure that this is the way the candidates feel who did not win.

The contest was the most successful ever conducted by a weekly paper in the State of Kentucky. New subscriptions were added to the list in this great race to an extent which breaks all records for contests in this part of the country.

The contest was in charge of Mr. W. C. Potts, of Michigan, who has conducted many campaigns in this and other states. He gave every contestant impartial treatment and conducted a fair and square campaign.

DECISION OF THE JUDGES.

We, the undersigned, named to act as judges and make the final count in the Big Sandy News Prize Popularity Contest, were present and took charge of the ballot box at 9:00 o'clock p. m., Saturday, March 22, 1913, and immediately proceeded to count the votes. The counting was completed at a late hour Saturday night and the results made known to the management of the contest. The figures given below are the result of our count.

Winner of the Grand Prize.

Miss Virginia Hager was twelve years old on the day the piano was awarded to her. She is a bright little girl, with more than average talent for music. She is making good progress in playing violin as well as piano. She is the daughter of Mr. E. B. Hager, of Ashland, and has made her home in Louisa with her grandmother, Mrs. Victoria Frichard, since the death of her mother, which occurred when Virginia was ten months old.

Miss Hager Returns Thanks.

To my friends and supporters: Having been declared the winner in the Big Sandy News Prize Popularity Contest, I desire, through the columns of that paper to extend my thanks to all who aided me, not only with subscriptions and votes, but also with comfort and encouragement. The only cloud in my happiness, is that in order to win, it was necessary to defeat some of my friends; but as the contest was a friendly one, I hope that no jealousness, bitterness, or enmities may follow my success.

Sincerely,
VIRGINIA PATTON HAGER.

MRS. ORA C. ATKINS

Has Laid Down the Burden of a Life
Fraught with Poor Health.

Mrs. Ora Atkins, of this city, died quite suddenly at her home at an early hour last Monday morning. She had not been strong for several years, having been afflicted with organic heart disease, but except during occasional periods of weakness caused by these diseases she was able to attend to her household duties. As late as Saturday last she had walked a considerable distance and made no special complaint. The exertion, however, proved too much for her frail frame, and she grew worse. Early on Monday morning it was seen that the end was near, and about nine o'clock the Angel of Relief touched her weary eyes, the third heart ceased to beat, and the pure spirit left its earthly habitation and went to the sweet haven of eternal rest.

On Wednesday afternoon the body was borne to the M. E. Church where appropriate services were held conducted by the pastor, the Rev. Mr. Plummer. Notwithstanding the very inclement weather a very large number of sorrowing friends had assembled to pay their heartfelt tribute of respect for the dead. The burial took place in the Fulkerson cemetery.

The deceased was the daughter of Mr. and Mrs. P. H. Vaughan, of this city, and was born on Georges creek, this county, 35 years ago. She is survived by her parents, five sisters and one brother—John. The sisters are Mrs. James Hatcher, Mrs. George Conley, of Williamson, W. Va., Mrs. C. B. Bromley, and Misses Belle and Emma Vaughan. Mrs. Conley arrived at home in the afternoon a few hours after the death of her sister. John, who was attending a school in Philadelphia, reached home Tuesday evening, so that none were absent when the body of the much loved daughter and sister was consigned to the grave.

A grief stricken husband and two children, Gladys and Luther, survive the wife and mother.

It can be truly said of Lily Atkins that in all things essential to true womanhood she lacked none. She was an ideal wife, a most devoted mother, an affectionate sister, a loving daughter. She bore affliction with the resignation and fortitude which was born of the faith which she humbly professed, and concerning her future there is no doubt, no idle speculation. For her there is the "crown of rejoicing," the "palms of victory." Let "his be the comfort of those to whom her memory will be ever dear.

TOUR OF INSPECTION.

The Senior class in the School of Engineering, State University, at Lexington, is now on its annual tour of inspection of some of the big industries and public works in the large cities of the country. Mr. C. H. D. Osborn, son of Chitt Osborn, of Louisa, is a member of this class and is with the other members in this practical study of the great machines and motive powers of the country. "Charley" is a bright young fellow of 22, an example of what almost any boy can make of himself if he but tries. He has passed the successive grades in the school without examination, his class record being sufficient to promote him, and at his graduation he will step into a lucrative position already awaiting him.

CYCLONE AND FLOOD

Wipe Out Nearly 5000 Lives in One Week.

Greatest of a Series of Storms Vents its Fury In and Around Dayton, Ohio.

The past few days have broken all records for loss of life and property by cyclones and floods within the same length of time. Day after day the tornadoes and torrents have swept different parts of the United States, bringing death and destruction wherever they fell.

The first disaster in the South now seems insignificant alongside the horrors of the catastrophe in Ohio Tuesday evening and Wednesday of this week. 3000 lives are believed to have been lost. Dayton is the greatest sufferer. 2000 are estimated to have perished there. 140 at Piqua, 100 at Delaware, 100 at Middletown, 15 at Findlay, 50 at Tiffin, and small numbers elsewhere. 200 have perished in Indiana, 200 were killed at Omaha, Nebraska, and 400 injured.

The loss at Dayton is caused by a flood of unprecedented extent. To add to the trouble, some reservoirs further up the valley broke and increased the flood. The city was almost entirely submerged. People were crowded into the higher buildings and thousands have not yet been rescued. 400 children perished in one school building. Fire completed the destruction of several buildings.

Another disastrous flood in the Ohio Valley seems certain. Half a million people are estimated to have been rendered homeless in Ohio and Indiana by the storms.

BIG SANDY IS VERY HIGH.

Flood Stage Reached and Record May be Broken Today.

The Big Sandy river at this hour (3 p. m. Thursday) has reached a stage of 37.6 feet at Louisa and is rising ten inches per hour. Reports from Pikeville show a stage of 36 feet and rising rapidly. At Williamsport the stage was 29 feet and rising.

The highest stage on record at Louisa is 50 feet. U. S. Engineer L. S. Johnson thinks that record will be equalled, and if so, it should reach that mark about noon Friday.

Floods in Lawrence County. The larger creeks in Lawrence county are on a rampage and the damage to farms, fences, roads and bridges is probably the heaviest ever experienced here.

As we go to press on Thursday afternoon Big Blaine is higher than ever known. The water is reported to be in the store and many residences in the town of Fullerton. Telephone lines are out of commission at some of these points, making it impossible to get details of the situation.

Three large bridges were washed out on Catt and the big covered bridge across Blaine near George Carters is in serious danger. It is a good covered bridge built about 15 years ago. The water is now said to be tearing the boards from the sides. One of the bridges washed from its foundation on Catt creek is the new iron bridge completed only two months ago.

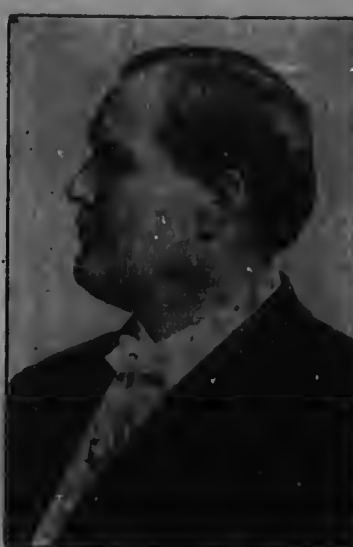

It is reported that an important bridge at Wehville has been washed away. Also, that the E. K. Railway is damaged so much that traffic is entirely stopped on the Wehville end of the line.

Lick creek was very high Wednesday and Thursday and heavy damage is reported to farms, fences and buildings.

GAVE MR. KANE A CALL.

The storm which visited this section early on last Friday morning paid Mr. W. T. Kane, of Fallsburg, a call and left some ugly traces of its unwelcome call. He lives on a somewhat exposed point, where the wind had full sweep. It leveled to the ground his barns, stables, cribs, in fact all the outbuildings on the place, and tore off one corner of the roof of his dwelling, making a rent through which the rain came in torrents, doing much damage to the contents of the house. Mr. Kane thinks some of his property will eventually find its way to the Gulf of Mexico, as some parts of the outbuildings were blown into Blaine creek. As if they had a sort of premonition of the coming disaster his cattle left the barn and stable only a short time before the storm came in its fury. Mr. Kane's loss partly covered by tornado insurance.

G. W. Castle is inspecting State offices in Breathitt this week.

Rev. J. B. McClay.

A revival meeting began at the M. E. Church, this city, on Wednesday and will continue until April 5th. The services are conducted by Dr. J. B. McClay, Superintendent of the Ashland District. Dr. McClay has preached in this city quite frequently before and is known to Louisa, as well as to many others, as a preacher of great force and ability. He is eloquent, earnest and spiritual and much good is hoped for as a result of this meeting. The church services will be held only once a day, but there probably will be some afternoon meetings in the homes.

BEAVER CREEK RAILROAD.

Contract Awarded for Construction to Begin April First.

The contract for the construction of the 22-mile Beaver creek extension of the C. and O. reaching from the Mouth of Beaver to Steele's Branch, a distance of slightly more than 22 miles from the main line of the C. and O. was awarded Tuesday morning, to the railroad construction firm of Ballard, Herring and Severer.

The cost of the line will be about \$10,000 per mile but it is thought because of the country, through which the extension will run that the cost will be near \$300,000.

Work on the extension will begin on the first of April and will be pushed as fast as possible, the contract calling for completion of the branch road at an early date.

ANOTHER OLD CITIZEN GONE.

Mr. Sylvester Bradley, and old and highly respected citizen of this county died at his home near Yatesville on Friday last and was buried near the old home on the following day with the honors of Odd Fellowship. Revs. H. B. Hewlett and R. E. Rice conducting the religious services. Mr. Bradley was a brother-in-law of John and Dunlap Waldeck, of this city. He was a good man and will be missed in the community in which he had lived uprightly and long. Mr. Bradley is survived by his widow and several grown children.

N. & W. TRAINS STOPPED.

The Norfolk & Western traffic is entirely suspended west of Portsmouth, and no idea can be formed as to when service will be resumed. It is known that approaches to several bridges are washed out or seriously weakened, but as the wires are down there is no way to get definite information. The extent of the damage is appalling.

A Letter from the Contest Manager.

MR. M. F. CONLEY,
Publisher Big Sandy News.

Dear Sir—

In closing my work in connection with your voting campaign, I desire to state that I have conducted many such campaigns throughout the United States and this is one of the most successful from every point of view that I have ever had the pleasure of being identified with.

The phenomenal vote cast proves this fact and the net gain of 2164 new subscriptions in your circulation must be very pleasing to you. I cannot help but feel that, through the enterprise which prompted this unique affair, your paper has been placed in a very strong position with its readers, its advertisers and the general public.

You are now giving the advertisers in the NEWS the best weekly newspaper value to be found in the state for with such a large increase in new subscriptions, you undoubtedly have the largest circulation of any weekly newspaper in Kentucky.

Please express my best wishes to those contesting and their friends. I know that the winners will enjoy and be benefitted by the splendid prizes which you have provided for them, and those less fortunate will be consoled by the fact that the loss of such a well fought, but good natured contest, carries with it no disgrace, but on the contrary, there is high honor in having received the loyal support of so many friends and well wishers.

Thanking you for the kindness and courteous treatment which I have received at the hands of the very efficient members of your force and with best wishes for the continued success of the Big Sandy News and all those who are connected with it, I am,

Yours very truly,
W. C. POTTS.

WEST VIRGINIA NEIGHBORS.

DOINGS OF PEOPLE WHO LIVE JUST ACROSS THE RIVER.

With the release of 15 strikers or strike sympathizers by Governor H. D. Hatfield, a total of 25 out of something like 80 prisoners have been released by the state's executive.

The following jurors have been drawn, who live in Wayne-co., to serve at the April term of Federal court which convenes at Huntington, on the first day of the month:

Grand Jurors—C. T. Burris, Whites Creek and J. S. Elliott, Wayne.

Petit Jurors—Walter Keck, Crater; G. T. Glickerson, Prichard; Frank Hart, Kenova; John Haynie, Dunleith and G. P. Porter, East Lynn.

West Virginia's highest mountain is located in Pendleton county and is known as Spruce Knob. Its altitude, according to the United States Geological Survey, is 4,866 feet. The lowest point in the State is on Potomac River—240 feet above sea level. The average elevation of the State is 1,500 feet.

Logan had a jail delivery Tuesday night when four prisoners all in for pistol totting made their escape by cutting a hole in the roof and then making a rope of the bed clothes lowered themselves to the ground.

The prisoners who escaped were Jno. Palmer, Leonard Butcher, Col. Leak and Eddie Richards.

Richards was caught last night on Crawley creek.

Huntington, W. Va., March 20.—Luther Eldred, 28, of Pikeville, Ky., was found dead beside a Baltimore and Ohio railroad track, just east of Huntington, to-day, and the police are investigating the affair, as evidence has been disclosed which indicates that Eldred may have been a victim of foul play. His skull had been crushed and pieces of his body were found scattered along the tracks.

Letters found in his pockets are believed by some to furnish an explanation of the fact that he was apparently wandering. They were written from a girl in Kiwanee, Ky. The first were tender missives, encouraging him to believe that the girl preferred him to a rival. The last one, written in January, told of her decision not to accept further his attentions as a lover, and urging him to forget her or remember her only as a friend.

John P. White, international president of the United Mine Workers of America, announced that a basis of settlement satisfactory to the miners has been reached with the representatives of the Paint Creek Coalers Company, whose miners in West Virginia have been on a strike for about ten months. There are nearly 10,000 men on strike in the West Virginia fields, and the expected settlement affects about 4,000 of them, according to Mr. White. The strike of the miners of the Cabin Creek Consolidated Coal Mining Co. continues.

Negotiations looking toward a settlement have been in progress for some time. Mr. White said, and resulted in a conference with T. J. Foster, of Scranton, Pa., who is identified with the Paint Creek Co. At this conference, Mr. White said, Mr. Foster assured him that the company he represented wanted to reach a settlement, and the two soon agreed on a basis.

Simeon Tudor, 21, a son of Richard Tudor, a well-known farmer, who lives near Valley View, 12 miles from this city, committed suicide this morning at the home of Louie Bryson, a farmer, who lives near the Tudors. Death was caused by a drug, the exact nature of which has not yet been determined. The suicide left the following note:

"To My Friends: I have lived a reckless life, and I hope that I will be forgiven for what I do. I warn all young men against leading such a life."

Olive Hill, Ky., March 22.—The post office at Armstrong, this county, was broken into and robbed last night. Postmaster Earl L. Rose reports the robbers secured \$27 in money and a few dollars worth of stamps.

Salyersville, Ky., March 23.—Miss Grace Kelly, 21, daughter of Butler Kelly, Ivyton, Ky., was bitten by a mad dog yesterday morning. She is taking the Pasteur treatment. The dog passed through Salyersville and fear is expressed that many animals were bitten by it.

Whitesburg, Ky., March 23.—The Elkhorn Fuel Co., recently organized with a capital of \$500,000, will begin within the next sixty days the development of their large holdings in the Boone's Fork and Millstone Creek sections above here in Letcher county. The developments will consist of the opening of coal mines and the development of the extensive timber holdings. It is said that a number of the officials of the Consolidation Coal Company are also in the Elkhorn Fuel Company, it being composed largely of the same men. Much of the property of the Elkhorn Fuel Company, a Philadelphia corporation, owning extensive holdings in Letcher county, will be developed by the Elkhorn Fuel Company.

Hazard, Ky., Mar. 23.—The March term of the Perry County Circuit Court closed a three weeks' session this morning after a verdict of not guilty had been returned in the case of the Gross brothers. Sandlin and Riley charged with the murder of Levi Johnson and John Davidson. There were five convictions for murder, four being sent to the penitentiary. In the other case a new trial was granted. More than 400 cases were disposed of. Almost all were liquor cases. The grand jury considered about 300 cases during the term, the great majority being for alleged violations of the prohibition laws.

BEST KNOWN COUGH REMEDY

For forty-three years Dr. King's New Discovery has been known throughout the world as the most reliable cough remedy. Over three million bottles were used last year. This proof is what will get rid of your cough, or we will refund your money. J. J. Owens, of Allendale, S. C., writes the way hundreds of others have done: "After twenty years, I find that Dr. King's New Discovery is the best remedy for coughs and colds that I have ever used." For coughs or colds and all throat and lung troubles it has no equal. 50c and \$1.00 at Louisa Drug Co.

AS TO THE POSTOFFICES.

The Administration Will Probably Join Taft's Civil Service Order.

Within the next few days Postmaster General Burleson is expected to present for the President's consideration the plan which will open to Democrats the 35,000 third and fourth-class postmasterships covered into the civil service recently by Mr. Taft. Mr. Burleson says he had not yet decided whether to ask the President for a revocation of this order or not. If he decides against asking for revocation he will suggest that postmasters who are benefited by the Taft order be required to pass a merit test, which would be open also to others. If the President took the first course thousands of postmasterships would be available at once, and if he chose the other Democrats who entered the merit competition would have as good a chance as Republican incumbents.

Ever since Mr. Taft issued his famous order, which with a similar one by Mr. Roosevelt, put every third and fourth-class postmaster in the country in the classified service, it has been subjected to vigorous criticism by Democrats, who charged that its purpose was to keep in office through Mr. Wilson's term thousands of Republicans who were not in sympathy with the Administration and who were given such protection merely to keep the Republican political machine in working order. Mr. Burleson has given the order serious consideration and any recommendation he makes to the President is likely to have much weight.

Mr. Burleson and Chairman McCombs, of the Democratic National Committee, have settled upon a plan for patronage distribution which also will be submitted to the President shortly. If it is followed the question of whether a candidate for office is backed by "organization" men or "anti-organization" men will not figure when he is weighed for a place. The President will be advised to go upon the principle that any man who subscribes to the Democratic platform and shows his belief in Democratic principles, is politically fit for office. Personal fitness, of course, will be considered first, but the question of State factions or pre-convention alliances will have little weight. This disposition has been shown in the first batch of presidential appointments. Some of the most prominent men whom the President has thus far named, opposed his nomination at Baltimore.

A Cold, La Grippe, Then Pneumonia is too often the fatal sequence. La Grippe coughs hang on, weaken the system, and lower the vital resistance. R. G. Collins, Postmaster, Barnest, N. J., says: "I was troubled with a severe La Grippe cough which completely exhausted me. Foley's Honey and Tar Compound soon stopped the coughing spells entirely. It can't be best." Take No Substitute.

TO THE LAWRENCE CO. COORN CLUB BOYS.

Read the following article and give heed to the instructions contained in it. As far as practical follow these instructions.

Be sure to get ground in good condition before planting.

SELECTION OF LAND.

1. See that land is well drained and as fertile as can be secured on the farm.

2. If possible to obtain, an acre not cultivated in corn last year is most desirable.

3. If there is a fall plowed field of clover or other seed, cow pea or pasture land on the farm, select an acre from that.

FERTILIZING.

1. Use an abundance of well-rotted stable manure if obtainable. Apply after land is plowed and work into soil thoroughly (25 tons is not too much if well worked in.) Part of the manure may be applied before plowing if thought best.

2. If commercial fertilizer is used, one analyzing as nearly as possible, nitrogen 2 - 3 per cent, phosphoric acid 6 - 10 per cent, and potash 4 - 6 per cent, is recommended. From 250 lbs. to 500 lbs. per acre should be drilled into the ground with a wheat drill about two weeks before planting. (Do not put fertilizer in the hill.)

PREPARATION OF SEED BED.

1. BREAKING.

a. Fall breaking is best.

b. For spring breaking turn soil not less than 8 inches and deeper if not more than an inch of clay subsoil is turned up. Better plow 12 - 16 inches deep if the subsoil permits.

2. PULVERIZING. Before planting thoroughly fine the soil as deep as possible, using disk or cutting harrow until manure is thoroughly mixed with soil. The land should be like a garden or ash pile.

SEED. Get your seed corn from the best crop that has grown in your section of the country. The variety does not matter so that it is known to have high yielding qualities.

PLANTING.

1. Either in hills 3 ft. 8 in. each way or drills 18 in. in rows 3 ft. 8 in. apart.

2. Plant 3 inches deep.

3. If corn needs thinning or replanting see to it as early as possible. Try for uniformity.

4. Plant as soon as suits your conditions after April 15th.

CULTIVATING.

1. Any time from planting to 4 days afterward harrow the ground smooth with a light harrow. (Do not harrow or roll corn after it is up if you can avoid it.)

2. Cultivate every week or ten days with fine tooth cultivator or one horse harrow, from time corn is large enough until it tassels.

3. Keep corn free from weeds. They take the moisture that the soil needs.

4. If bull-tongues are used they should be small ones.

5. VERY IMPORTANT. Never work in soil when it is too wet and never cultivate over 2 in. deep. (It will do more harm than good.)

6. Study carefully all publications sent you and keep a careful record of time, (horses and men) material and money used on the acre. These will figure in your grades at the end of the work.

Respectfully submitted,
FRED MUTCHLER,
Collaborator,
Bowling Green, Ky.

LABOR AND REFRESHMENT.

A called meeting of Louisa Chapter R. A. M., will be held on Friday evening, beginning at 7 o'clock sharp. The Royal Arch degree will be conferred, and at the close of the work the craft will be called from labor to refreshment. A full attendance is desired.

THIS LADY'S GOOD APPETITE

Mrs. Hansen, in a Letter From Mobile, Tells How She Gained It.

Mobile, Ala.—"I suffered for seven years, with womanly trouble," writes Mrs. Sigurd Hansen in a letter from this city. "I felt weak and always had a headache and was always going to the doctor. At last I was operated on, and felt better, but soon I had the same trouble."

My husband asked me to try Cardui, I felt better after the first bottle, and now, I have a good appetite and sleep well. I feel fine, and the doctor tells me I am looking better than he ever saw me."

If you are sick and miserable, and suffer from any of the pains due to womanly trouble—try Cardui.

Cardui is successful because it is composed of ingredients that have been found to act curatively on the womanly constitution.

For more than fifty years, it has been used by women of all ages, with great success. Try it. Your druggist sells it.

N. B.—Write for Ladies' Advisory Circular, which contains full directions for the use of Cardui. Sent in English, German, French or Spanish. Sent in paper, or in a box.

HONEST FORK.

There will be preaching here the first Saturday and Sunday in next month.

We have had much sickness here this winter.

Mrs. Coalby Sparks has been visiting her daughter, Mrs. Sam Jobb, of Paintsville.

John Bbsett, of Louisa, is visiting relatives at this place.

Lewis Savago and family have moved to Pond creek, where they will keep boarding house.

Ida Burchett, who has been confined to her bed for several months, is improving.

Rosa and May Bradley were guests of Mrs. J. B. Sparks Sunday evening.

Mrs. Jim Holley spent Saturday and Sunday with her parents.

Arle Derefeldt, better known as Sand Hornet, lost a fine horse a few days ago.

Mr. and Mrs. George Holley were visiting friends at Cnt Sunday.

Charley Sparke was on our creek Saturday evening.

ARE YOU CONSTIPATED?

If so, get a box of Dr. King's New Life Pills, take them regularly and your trouble will quickly disappear. They will stimulate the liver, improve your digestion and get rid of all the poisons from your system. They will surely get you well again. 25c at Louisa Drug Co.

SAMBER

SAMBER excels everything on the market for the relief and cure of Coughs and Colds, Catarrh of the Throat and Lungs, Bronchitis, Asthma and Consumption. It is made of many of the best known herbs of the forest, which builds up the general health. Wm. L. Ball, of Adams, Ky., who possesses religion equal to that of Job, writes as follows: "I hereby certify that several years ago my wife had a dreadful cough and lung trouble. We used many remedies without relief. We decided to try 'SAMBER.' After she used this wonderful medicine a short time she was greatly benefited. I can cheerfully recommend this wonderful remedy to all who are suffering with lung trouble, catarrh, etc." "SAMBER" is manufactured and sold only by SAM A. BERRY, Sole Owner, Louisa, Ky. CATARRH IS EASY CURED!

Now here is a proposition I am making to all who suffer with Catarrh to prove to you that I have discovered a treatment that will positively cure catarrh, upon receipt of 50cts. I will mail to your address postpaid one Box and one Bottle of my Vegetable Compound Catarrh Cure and if you don't say that it is the best treatment you ever used I will gladly refund your money. I will trust your honor not to ask for it unless you are entitled to it according to the terms of my proposition. Guaranteed by all dealers to cure or money refunded by manufacturer. Ask your druggist or General Merchant for Fitzpatrick's Catarrh Cure. If they don't keep it in stock and will not order it for you, send your order direct. In regard to my reliability refer you to the Louisa National Bank.

Do not delay, more lives are lost by procrastination delay, putting off till tomorrow or next week or next month the treatment of disease than have ever been lost in war. I earnestly hope to hear from every sufferer, including the small sum of 50 cents for treatment. This amount has cured others, which I can prove by their testimonials acknowledged before Notary Public. Don't neglect yourself as no doubt you are aware that Catarrh causes a general break down in health and may prepare the way for that dreadful disease consumption.

"I've been selling Studebaker Wagons and Buggies for over 30 years."

"I've sold them because my reputation as a dealer was at stake and from experience I have found that Studebaker means the best."

That tells the story. Farmers bought Studebaker wagons before the Civil war and they have been buying them ever since.

Because they had confidence in the name Studebaker and in the sturdy, dependable wagons and buggies they build.

And that confidence has been upheld. Studebaker wagons are built on honor and the Studebaker guarantee goes with every one.

There's a Studebaker for your needs—whether you live in city, town or country.

Studebaker harnesses also—as well and carefully made as Studebaker vehicles.

Secretary Lane has appointed a composer to record the music of the American Indian. If the composer records nothing but music his job will be an easy one.

The greatest count of money in the history of the world will begin April 1, when former Gov. Burke, of North Dakota, succeeds Carmi A. Thompson as Treasurer of the United States.

About 2000 fourth-class postmasters are refusing to serve any longer since they are required to pass an examination. They are in small places where it is hard to get the places filled.

The period of the vernal equinox of 1913 will go down in history as one of the most calamitous epochs in the life of the nation. Swept by fire and flood, tempest and tornado the West and Middle West will long bear the scars of destruction, while thousands will mourn the loss of kindred and friends.

The Arlington wireless station picked up a message sent from Eiffel Tower, Paris, in the first of a series of experiments to ascertain the exact difference in latitude of Washington and Paris.

This achievement emphasizes the truth of the oft repeated declaration that wireless telegraphy is the most wonderful invention of the age.

Samuel Judson Roberts, owner and editor of the Lexington Leader, and for many years a Republican leader in Central Kentucky, died at his home Sunday from blood poisoning. Mr. Roberts was for many years collector of internal revenue for the Seventh district. He was born in Pomeroy, O., Feb. 11, 1858.

The untimely death of Mr. Roberts will be greatly deplored by hundreds of friends, including the members of the Kentucky press. He was an able, clean man, lean in his public and private life, strong and loyal in his friendships. He was courageous, yet gentle as a woman, a valiant enemy, a generous foe. His death makes a vacancy hard to fill.

Will Senator Watson Be President of the Elkhorn Fuel Co.?

It is rumored that United States Senator Clarence W. Watson may be elected president of the Elkhorn Fuel Corporation, which was recently organized with a capitalization of \$30,000,000. This company has acquired about 285,000 acres of land in Eastern Kentucky, and 15,000 acres in West Virginia. At present the officers are J. A. Clark, of Fairmont, W. Va., president; J. C. Penhagyn, of Robert Garrett and Sons, Baltimore, treasurer; C. T. Williams of the Fidelity Trust Co., Baltimore, vice-president, and secretary. Senator Watson has long been interested in the ownership of the Northern Coal and Coke Co., whose property was purchased by the Elkhorn Fuel Co. He was president of the Consolidation Coal Co. until he was elected to the United States Senate, resigning the presidency at that time, and was succeeded by Jere H. Wheelwright. Should Senator Watson become president of the Elkhorn Fuel Corporation he and his associates in the company and the Consolidation company would control probably the greatest principality in high-grade coal lands owned by two affiliated interests in the world.

CAN YOU DO IT?

A man entering a street car tendered the conductor a dollar bill in payment of his five-cent fare. "I'm sorry," said the conductor, "but I cannot change a dollar bill." "Well, I'm sorry," said the passenger, "for I have nothing else except a five-dollar bill." "Oh, I can change that, all right," said the conductor, and forthwith counted out to the passenger four dollars and ninety-five cents. Now why could he not change the dollar bill? That is a question that has puzzled many people; but it is true that he could not. We will not take away from the reader the pleasure of guessing by telling him why.

LAY DOWN THE HOK.

The following from an agricultural paper is joyful news to those who are averse to hounding the hoe: "A series of over 100 practical tests have been carried on during the past six years to determine whether cultivation of corn during its period of growth does increase the yield of the crop. In each test corn was grown with no cultivation, or otherwise stirring of the soil, the weeds being killed by hoeing them off just at the surface of the soil."

Big Sandy News Regular Edition Now
4275 Copies.

The regular edition of the Big Sandy News is now 4275 copies, the largest of any local weekly newspaper in Kentucky. This fact is of special interest to advertisers, because it enables them to talk to every buying family in this field through one paper, at a price far below any other. The only correct basis for an advertiser to figure on is the cost per inch for each 100 subscribers. You will find by investigating that we give you more and better service for the same money than any other paper. Our circulation statements are supported by affidavit when requested. We have nothing to conceal about it and do not exaggerate. The truth is amply sufficient.

THEY ARE.

Pikeville is to have 30,000 yards of brick-paved streets. It's getting to be time for Kentucky to sing, to the tune of a well known Scotch song, "the mountains are coming, ho ho? ho? ho?"—Courier-Journal.

HAS GONE TO LEXINGTON.

The Rev. Charles E. Crusoe, Rector of the Episcopal chapel, has gone to Lexington, where he was called to assist in the ceremony of laying the corner stone for a new Parish House for Christ Church, of that city. Upon his return he will go to Jenkins to superintend the putting up of the church there, mentioned in this paper last week.

Was Visitor Here.

Miss Lucile Crutcher, a student at National Park College in Washington, D. C., was here over night a guest of her aunt, Mrs. M. M. Magann while enroute to her home in Holden, W. Va., where she will spend her Easter vacation with home folks. Miss Crutcher is an exceptionally bright young girl being one of the graduates this year from National Park—Cat. Cor.—Independent.

WORTHY OF EMULATION.

Nancy, the bright young daughter of Mrs. Janie Land, of this city, can well be held up a pattern for other children. She has attended consecutively three terms of school of nine months each and one of eight months of the public school without at any time missing a single day or getting a mark for being tardy. This fact is surely worthy of record. Besides being devoted to her school Nancy is a good daughter, liked by her friends and school mates.

N. & W. IMPROVEMENTS.

That the Norfolk & Western has tremendous improvements underway there is no doubt, if one is to judge from the large number of new steel cars, passenger and baggage, ordered. Another phase of the situation speaking of improvement is the fact that in the Enquirer's recent letter on the iron market, the N. & W. is asking for prices on 90 new locomotives. The new equipment purchased by that system within the past few months will reach several millions.—Herald-Dispatch.

IN THE STORM ZONE.

Several Louisa people have relatives in the Zone of the storm which raged with such dreadful force and effect this week. Mrs. B. E. Adams, of this city, is from Dayton, O., where her parents live and where so many lives have been lost. The Rev. Mr. Crusoe's parents also reside there. None of these people have heard from the ill-fated city, and their suspense is great. Charley Kise, a son of Mrs. W. L. Atkinson, of Paintsville, is living in Omaha, another storm-swept city. A telegram from him to his mother brought the good news that he is safe and unharmed.

Reported Sale of Real Estate.

It is reported that Phil. Preece, of this county, has recently purchased 250 acres of the Eloise farm, pay therefor the sum of \$17,000. The part sold is on the river side of the farm and includes the main residence and the adjacent improvements.

THE REASON.

Owing to a greatly increased volume of business it has been impossible to put the proper credit on our subscribers' papers. This will be done, however, as rapidly as possible.

BRIDE LIVED HERE.

Miss Addie Belcher, a former resident of this place, but more recently of Portsmouth, was married on Sunday last to Dr. A. J. Bryson, of Pullerton, Ky. The bride was a daughter of "Dee" Belcher, well known in this county.

B. J. CALLOWAY, C.R.E.

Whitesburg, Ky., March 24.—At her home on the headwaters of Colly creek, near Hilliard, in this county, yesterday, Aunt Chrislo Stallard, probably the oldest woman in the State celebrated her 105th birthday anniversary by having a big dinner, to which she entertained her dozens of descendants, including Stallard, Combs and Adams.

RICHARDSON.

We of Richardson celebrated Easter Sunday reorganizing our union Sunday School, which was started July, 1905. We had an enjoyable time with 38 in attendance, some nice talks and a very social time altogether. The following officers were elected: A. T. Wilbur, supt.; R. D. Hinkle, Jr., Asst. Supt.; Miss Mabel Williamson, Sec.; Miss Kittle Vaughan, Treas.; Miss Joie Cassell, Librarian and a fine corps of teachers. A pie social was held on Saturday previous netting \$16. and donations on Easter \$3, to buy song books and literature, and the money in sight to buy a new organ.

On Monday after the second Sunday in April, Rev. French Rice will hold a protracted meeting in the school house.

Miss Mary Vaughan, of Gallup, was visiting her grandparents, Mr. and Mrs. Bartlett.

Mrs. Jane Akers, of Lick Creek, is visiting her son Jim of this place. Carl Cassell, express messenger on 37 and 38, spent Sunday with home folks.

Sam Rice, of this place, is moving to Kewanee, where he has a position.

Reck Childers, of Van Lear, was visiting home folks Saturday and Sunday.

Mrs. M. S. Hibbard was shopping in Louisa Saturday.

Scott Cassell, of Hellier, was visiting home folks Sunday.

Mrs. D. C. Cassell was visiting Mrs. Walter Wilbur Monday.

Mr. and Mrs. Billie Vaughan, Misses Mary Vaughan, Anna and Carrie Bartlett and Everett Daniels took dinner with Misses Kittle and Gypsy Vaughan Sunday.

A crowd of young folks from here attended church at Lick Skillet Sunday.

Carl Cassell and C. F. See, Jr., of Louisa, were visiting the Misses Hinkle Sunday afternoon.

Mrs. Lillian Preston and Mahel Williamson were visiting Bartlett's Monday.

Mr. and Mrs. Sam Vaughan were visiting their parents Saturday and Sunday.

Mrs. Lyla Williamson and Mrs. Simon Bartlett were visiting Mrs. Sam Vaughan Monday.

Vent McKinzie is at home for a few days' visit.

Mrs. Hite Warnick is visiting her daughter, Mrs. Jim Baals, at Ashland.

The Misses Hinkle and Kittle and Gypsy Vaughan were calling on Misses Carrie and Anna Bartlett.

Miss Nellie Wilbur was visiting Mayme Parks Sunday.

DAISES.

GOOD ROADS DELEGATES.

Governor McCreary has appointed among many others the following delegates to the Good Roads Convention to be held at Birmingham, Ala., April 24: J. W. Perry, West Liberty; R. C. Caudill, Letcher-co.; T. J. Arnett, Salersville; and A. S. Ratcliff, Pikeville.

OPERATION FOR HERNIA.

John Atkins, of Shannon branch, is in the hospital here, recovering from an operation for strangulated hernia performed on Friday last. It was necessary to remove two or three inches of the intestine, which had become gangrenous. Dr. York, assisted by Drs. Bromley and L. S. Hayes, did the work.

POSITIVE PROOF.

Should Convince the Greatest Skeptic in Louisa.

Because it's the evidence of a Louisa citizen.

Testimony easily investigated.

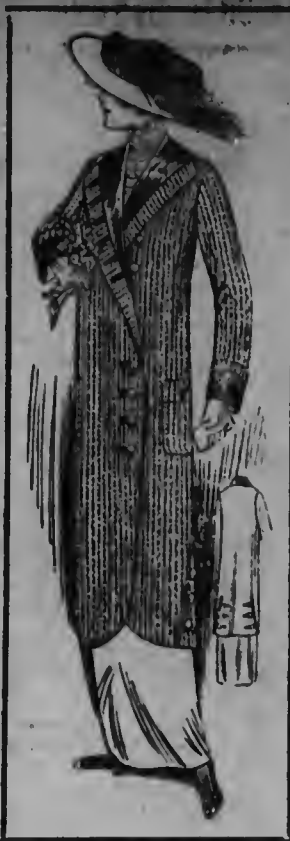

The strongest endorsement of merit.

The best proof. Read it: J. B. Peters, Lock Ave., Louisa, Ky., says: "Doan's Kidney Pills did me more good than anything else I ever used. Many people have asked me about this remedy and I have always recommended it. I do not hesitate to confirm the testimonial I gave in 1908." (Statement given January 3, 1912.)

On January 28, 1908 Mr. Peters said: "I was in a bad shape with kidney trouble. When sitting for a few moments and attempting to arise my back felt as if a heavy weight were tied to it and sharp pains darted through my kidneys. After stooping it was hard to straighten. Rheumatic pains seemed to shoot all through my body, but particularly in my knees, hips and joints. I was languid and all run down when I began taking Doan's Kidney Pills, procured at the Louisa Drug Store Co. They made me feel like a different person, correcting all my troubles."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Charming Styles in Spring Coats

In such climate as ours a light weight coat for Spring wear is almost a necessity—in fact, there is scarcely an evening throughout the summer when one could not be worn with comfort.

When buying a garment of this kind—holding the place it does—just on the line between a necessity and a luxury, one certainly wants to be sure that it is right in style, fabric and price.

A coat from The Anderson-Newcomb Co.'s Store must be right and when given one that feeling of confidence so much desired.

Snappy Styles, Beautiful Materials

A Full Range of Prices

The coat styles this season are very attractive—with the round cut-away front effect—easy wearing lengths, 45 to 48 inches, deep roll lapels, each garment having a little touch of Bulgarian trimming.

The range of prices from \$10.00 to \$60.00 with our exceptionally strong display at \$12.50 to \$25.00 makes choosing easy.

AN INVITATION

We cordially invite you to visit Huntington and our store on Third Avenue, where you will find all the better styles in Suits, Coats and Millinery, all dependable and at popular prices.

TO ROAD CONTRACTORS.

The road from Louisa corporation line to head of Blaine is measured into two mile sections and posts set at the intersections. Also the road to Webbville the same as above. The road known as the Louisa-Blaine road will be let to contract to the iron bridge across Big Blaine creek at Koun's store. The road to Webbville will be let to contract to the bridge across Dry Fork at Webbville. Brushy creek from the bridge across Brushy creek near its mouth to Lon Hulet's will not be contracted. The County Judge will receive sealed bids till noon April 3, 1913, for putting into condition and maintaining these various sections of road, and award contracts to the lowest responsible bidders, for one

year ending April 1st, 1914. Specifications, contracts, etc., may be seen at the office of the County Road Engineer. The county reserves the right to reject any or all bids. Bids will be opened and examined at 1:30 p. m. B. J. CALLOWAY.

Daughter Was Known Here.

Col. J. B. Noyes, of Mayaville, died in Ashland last week at the home of his daughter, Mrs. A. B. Conley, where he was visiting. The body was taken to Mayaville for interment. Two hours after the death of her father Mrs. Conley gave birth to a daughter. Mr. and Mrs. Conley were well known and liked at Blaine, where they lived for a considerable time and where Mr. Conley was cashier of the bank.

A successful Utility sale for the benefit of the M. E. Church South was held in the NEWS block last Friday and Saturday.

A Brilliant Showing of Spring and Summer Styles

EARLY, coming as it does a little early, awakens our interest in the brighter, smarter styles which we will wear during the coming months.

We have been very busy for many weeks in carefully reviewing and selecting the clothing which we now offer to the discriminating dressers of this city and vicinity. We have literally searched the markets of this country in our efforts to secure the best and it is with the utmost confidence in their superiority that we offer for your inspection, your consideration and your purchase the snappiest, brightest combination of styles, fabrics and shades which we have ever seen. These clothes from this store are truly the perfection of everything and anything in men's wear today.

And now we want you to come into this live store. It will be a real pleasure for us to meet you and to personally examine with you at leisure, feelable range these garments which we have gathered together for you.

Our Boys' Clothing Department is the birthplace of many new and beautiful styles. The suits we put forth this season are the most stylish, durable and the best in every way we ever sold.

All our new Spring Woolens are ready for your inspection in our Made-to-Measure Clothing Department.

LET the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle—depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which *make blood*. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.

DESCRIPTION AND PEDIGREE
MAX LEDGER, JR., is a fine black, 16 hands high, heavy mane and tall, fine style and action. He is very fine form and finish, and for disposition and style I challenge competition. For saddle and harness he is unsurpassed by any horse in Kentucky. The public is invited to call and see Max Ledger, Jr., as all will be pleased, and will readily see the advantage of breeding to a horse possessing all the valuable qualities.

MAX LEDGER, JR., sired by Max Ledger, he by Ledger 12368. Vol. 1, sire of Bell K. 2:25 1/4, fourth week with six weeks handling. Ledger E., pacer, 2:24 at 3 years old, Kentucky Prince 2:15; he by Crown Chief 4089, sire of Roland 2:28; by Willford Mambrino; he by Mambrino 111, sire of Lady Thorne 1:18 1/4; Woodford Mambrino 2:21 1/4; and many others. Ledger's dam Kate Livingston, by Forest Second 1st; he by Edwin Forest; second dam Madam Temple, dam of Flora Temple 2:19 1/4; blid dam by Tom Crowder; fourth dam by Bellfounder; fifth dam by Jessinger. Max Jr.'s dam was Maude by Ericson Wilkes; he by Lyle Wilks; he by George Wilkes.

These are a few of my bargains. All these farms have perfect titles and are in a good country, all in easy reach of Portsmouth, O., the best market in the country and a number of them lay on the new street car line that will be built from Portsmouth, O., to Jackson, O. The work begins April 1, 1913. Write on a line and say meet me at Sciotoville on.....day of.....1913 on the 15 N. and W. I will pay your \$2. R. Rare if you buy first trip.

A great Show Jack and a great breeder, will be found at my barn during the season of 1913. \$8.00 to insure a living colt.

F B LYNCH

In offering the services of Prince Forrest, 3492, to the public, we do so with the belief that so good a horse, considering breeding and individual merit, has never stood in Lawrence County, on such liberal terms as those we offer for this season.

Prince Forrest was sired by Montgomery Prince, 2723, and Montgomery Prince by Forrest Denmark, 163, the sire of the gelding Comus that sold for \$3,500, and gelding Eckersall that sold for \$3,000; also the sire of the Chancellor and the Cardinal, and he sired fifty colts that sold for an average of \$850.00. His dam was a full sister to Roscoe, sold for \$1,800. Sire of Ahlow, sold as a three-year-old for \$2,500.

Prince Forrest possesses great natural style, extreme action and finish. Color, dark chestnut; three white feet, and stripe in face. Weighs 1100 pounds.

TERMS: \$15.00 TO INSURE A LIVING COLT, MONEY DUE AS SOON AS COLT COMES, MARE PARTED WITH OR BRED TO ANOTHER HORSE. EVERY PRECAUTION WILL BE TAKEN TO PREVENT ACCIDENTS AND ESCAPES, BUT WILL NOT BE RESPONSIBLE FOR THOSE THAT OCCUR.

OLD IDEAS ARE PUSHED ASIDE

Schools Must Have Contact With Activity of People.

"WHY NOT TRAIN FOR LIFE?"

Higher Grades Are More Than Mere Incubators For Embryos Lawyers, Doctors, Teachers and Preachers. Domestic Science and Domestic Arts.

Schools will attract and hold the attention of the public in proportion to their contact with the everyday life and activity of the people. The old idea of a high school being an incubator for embryo lawyers, doctors, teachers and preachers is being pushed aside.

The school people—the real, live, wide awake school people—have seen this proposition clearly for some time, but they have been afraid of what the general public might think. The public has sensed that there was something out of gear in our school machinery, but it was afraid of what the education expert might say. And so the public and the school people have been sawing.

Boys and girls welcome any study that tastes of everyday life and activity. The little girl in the lower grades makes her doll, makes her clothes and mends them and cooks wonderful dinners on a homemade stove of brick out in the back yard. She keeps house and plays her part in a mimic world because it is the only outlet for what she sees of the activities of the world in which she is eventually to take her place. The years slip by, and she is ready for the high school. She must put her doll aside, and she can no longer with dignity cook on the brick stove in the back yard. Her own feelings would prompt her to go forward with sewing, cooking and the other household arts, but she is in a high school which no such course is offered, so she loses an interest that had been part of her life and development. If she happens to find such a course in the high school the chances are that it is for a single period each day, and her credits earned for graduation would

CORDIE WILSON.

SLOGAN IS "ONE FOR EVERY ONE"

Cheerful Cry Adopted In Rowan County In 1911.

JEANETTE BELL ORIGINATOR

Practiced What She Preached on Poor Girl Who Got Behind In Her Studies on Account of Practical Blindness. Work Has Not Stopped, Either.

Last winter, when the enthusiasm of the moonlight school campaign was at its height in Rowan county, Miss Jeanette Bell, an official stenographer, decided to adopt and carry out the slogan, "One for every one." She looked about her in Moorehead, the county seat, for some person who was out of school and could not read or write. In the hotel in which she was living she discovered a pupil, Cordie Wilson, who was working as a chambermaid.

When asked about the work she had done for Cordie Wilson, Miss Bell smiled quietly and said: "It wasn't work at all. It was a pleasure, and a very real pleasure too. You see, Cordie was born in Elliott county, and when she was quite young she was almost blind. Of course she did not go to school with

CORDIE WILSON.

the other children, and when her eyes grew better she felt shy about going to school with children so much her junior. This was somewhat accentuated by the fact that she was one of those unfortunate overgrown girls that look almost twice their real age. Today, at fifteen, Cordie looks like seventeen or eighteen.

"At night when her work about the hotel was done she would come to me with her books and pencil and pad and work like a Turk. Naturally I expected it to take her some time to learn to write and read, but in six nights she could write her name easily and knew how to join all her letters into words. In this same time she had also learned to read well enough to cover the first twenty pages in her first reader. Soon after this she left the hotel and did not come to me any more."

Every vital human movement easily becomes both religious and contagious, and the moonlight school seems to prove the rule. Other counties and communities are taking up the work, and it is hoped that the whole state will realize the value of a school for out of school folks.

In 1911 Rowan county decided to strive to get a number of her school to open their doors for adults who could not read or write. Grown people do not care for a primer or a first reader, so Rowan county launched a paper, THE ROWAN COUNTY SCHOOL MESSENGER, that the pupils might have a real live paper to read. The first column of the paper, dated Sept. 16, 1912, is as follows:

Can we win?
Win what?
Win the first night school prize.
Of course we can. Just watch us try. And watch us WIN!

We are winners, we are!

Watch us grow. Grow what?
Everything but weeds.

Our district shall win!

Our division must lead!

Let's all go to school. It is good for us. It will make us young again. It will make us more useful. It may start us on the road to greatness.

All night schools in Rowan county started on Monday evening, Sept. 16.

Each will try to have the largest number enrolled, the best attendance each night, and the largest graduating class; also each will try to have the oldest pupil.

Rowan county has the finest building stone in the world.

Rowan county will grow the finest fruit in the world.

POULTRY RAISING WORTH WHILE?

Kentucky's Fowls In 1910 Valued at \$4,461,871.

SOME INTERESTING LETTERS

Organization of Children's Corn and Poultry Clubs Is Doing a Whole Lot For the Commonwealth—"Education Must Be More Than Books."

Moorehead, Ky., Jan. 17, 1913.
Dear Sir—In answer to your letter regarding the poultry contest I will endeavor to tell you how I became a prize winner.

First, I save my county superintendent my name and told her I wanted to enter the Poultry club. The next thing I had to get two settings of eggs of fifteen each from pure bred chickens.

Out of the thirty eggs I hatched twenty-six chicks. I then put them in a place to themselves. Out of the twenty-six I raised fifteen chickens. They were Barring Plymouth Rocks, Ringlet strain.

When it came time for the fair I selected two and took them to the fair. The reason I have not answered your letter before was because I could not get my picture. Yours sincerely,
MARY D. THOMPSON.

Ewing, Ky., Jan. 2, 1913.

Mr. James Speed, Louisville, Ky.:
Dear Sir—Your letter of recent date received. As it was directed to Carlisle, I was delayed in receiving it. You wish to know something about our Poultry club. We are not yet thoroughly organized, but if you can meet with us in March, 1913, you can learn more about it.

Last year we gave our names and addresses to our county superintendent, Miss Lida Gardner. There were four girls from each of the four divisions of the county. Last year we bought our own eggs. Next year we hope to have them furnished from some place in order to bring new stock into the county.

We live on a farm, so my chicks were not much trouble. Mother raises Plymouth Rocks; I had Buff Orpingtons. I kept the chicks free from lice; fed them twice each day until fall, when I fed corn and cane seed. They were with the hen, had a large range and grew fast.

We had our exhibit in the courthouse the 14th of December with corn and tobacco. Besides these, there were various kinds of school work.

I cannot send you photo, as I have no late picture, none since I was nine years old. I forgot to say the girls were to be twelve and over. A prize of \$2.50 was awarded in each division.

I shall enclose a clipping from our county paper. Hoping this will help you in preparing your newspaper work and thanking you for the interest you have taken, respectfully,
THELMA SAMPSON.

"Just a woman's job raising chickens"—how often have you heard that remark! But the figures at the head of this article are from the government reports for the year 1910 and are approximately correct and show that it is a big proposition. No wonder the school people who have been pushing corn and potato clubs should use poultry clubs to interest the girls in light and pleasant work that means dollars and cents in their pockets.

In corn clubs one of the slogans has been "pure bred seed," and in the girls' poultry clubs it is "pure bred fowls."

MARY D. THOMPSON, AGED TWELVE YEARS.

Nothing can be done with poor stock or poor seed. Everything is possible with pedigreed stock and seed.

All of this has been written time and time again in farm papers and the rural press, but when children begin to work definitely in this direction something is sure to happen. Grown people are slow to take up new things or things that are fairly new, but children simply absorb and use them.

If you have had a successful boy's corn club in your county, why not try to organize a small poultry club for the girls? If you do, be certain to insist upon the rearing of only fowls of pure blood. It will mean that the girls will have an absorbing occupation that adults can watch with great advantage. EDUCATION MUST BE MORE THAN BOOKS IF THE CHILD IS TO BE A REAL SUCCESS IN LIFE.

Tired Fields.

No farmer would think of working his horse continuously. He gives him Sunday off and at times says: "I think I'd better let of Bill run out to grass for a right smart spell. He don't look just right the last few days."

Does this same farmer watch his fields as carefully as he does his horse? Does he know the looks of a tired field as well? Does he turn his tired fields out "to rest for a spell?"

If a horse is thin he is rested and fed carefully. If a field is thin and tired it, too, must be rested and fed with clover, cowpeas or barnyard manure.

HOME CIRCLE COLUMN.

COLUMN DEDICATED TO TIRED MOTHERS AS THEY JOIN THE HOME CIRCLE AT EVENING TIME.

HOME.
One of our subscribers who enjoys the Home Circle column hands us the following beautiful thoughts on the appreciation of the home, which we gladly give place in our Home Circle Department, and wish that more of our lady readers might become contributors to this column, for we do feel it an opportunity granted us to make the world feel a little bit better and brighter for our having lived in it.

"When the chill blasts of winter shrink across the frozen earth and the pitiless snow hides from our eyes the last vestige of what remains of summer, when the frozen streams and leafless trees look barren and desolate, and even the heasts of the field cling closer to their protecting shelter, how dreary is the thought that perhaps some poor homeless wanderer is out in the storm. It is then that we turn to our own fireside and smile at the dear faces of our loved ones; it is then that we fully appreciate that priceless gift which God has given us—home, where we can find rest and comfort unmolested; home, where we can breathe our sorrows to sympathetic ears; home, where our joys are the happiness of others; home, where true hearts beat in unison with one another and happiness is found in its fullest meaning. So should we each strive in our own way to make our homelife better and brighter. A kindly word at parting, a pleasant smile in greeting, an approving glance, an encouraging word or a helping hand, each in their place, and we never know their power for good. So let us, to whom God has given these blessings, make them what they should be, a paradise on earth, where weary hearts can find rest and peace after the toil of the day."

How many of our readers think as often as they should of their mother? Their dear old-fashioned mother? Other faces may fade away and be forgotten, but her's will shine on forever. When in the fitful pauses of life our feet wander back to the old homestead, and crossing the well worn threshold, stand once more in the room so hallowed by her presence, how the feelings of childish innocence and independence overcome us, and we kneel down in the molten sunshine streaming through the window just where years ago we knelt by our mother's knee lisping, "Our Father." How many times where the tempter hurried us on, has the memory of those sacred hours, that mother's words, her faith and prayers saved us from plunging into the dark abyss of sin. Years have fled, and great drifts between her and us, but they have not hidden from our sight the memory of her pure unselfish love. Dear old-fashioned mother.

There are brave, manly hearts given into evil company for lack of love and sympathy at home. There are tender hearts starved for a kind word or a caress from father or mother. It is not total depravity on their part that takes boys into the streets and from there into the billiard saloon and from the billiard saloon to the drug store. It is too often the lack of heavenliness about the home. It is because home is not a heaven with its sheltering arms of love. It is because father's manner repels and mother, oppressed with fatigue, has no time to make home pleasant for her boys. Then why not strike at the root of the evil? Make home what it should be and your boys will stay there and be a comfort to you. "Lead us not into temptation," with them might be, "Drive us into temptation."

A lady received the following reply from a neighbor in answer to a question as to why she allowed her children and her husband to litter up every room in her house. The sentiment will find lodgment in the heart of every home loving person in the land: "The mark of the little muddy feet upon the floor can be more easily removed than the stains where the little feet go into the highway of sin. The prints of the little fingers upon the window pane cannot shut out the sunshine half so much as the shadow that darkens the mother's heart over the one who is but a name in the coming years. And if my Joe finds home a refuge from care and his greatest happiness within its four walls, he can put his boots in the rocking chair and hang his coat on the floor any day in the week. And if I stand it and he enjoys it, I cannot see that is anybody's affair."

Woman is man's true Alpenglock, upon which he leans as he climbs the Alps of life. No hand but her's can steady and guide him over its treacherous heights, its slippery places. Wise is he who clearly and fully recognizes that woman is the greatest formative factor for weal or woe in human life. He has not reached maturity, he is not fitted to take his place in life's theatre who has not realized this. Turn to history's page, sacred or profane. Take up some book, ancient or modern, take it from the shelf or a library or dig it from the debris of an old world city. You will read therein on every page, in every age, in every clime, of woman's influence, of keen insight, rare tuition. She's a man's complement, a God-given belpmate.

PIKE COUNTY NEWS.

All the Interesting Happenings in
Our Big Neighboring County.

STORM SWEEPS SHELBY CREEK.

The tornado which wrought such havoc through many southern states last Friday morning, struck Shelby creek at 5:15 with very little abatement of its fury. At the little railway stop of Virgie, about 5 miles below Shelby Gap, it struck an unfinished storehouse belonging to Almand Burke, carried it off its foundation and turned it completely over. Jno. W. Greer, an aged carpenter who was inside, was instantly killed, and Fels Burke, son of the owner of the building, in trying to escape through an open window, was caught in the crash as the building went over and badly injured. His bruises may also prove fatal.

Before the storm reached this point great damage was done to every kind of property, including houses and barns, and many people were also hurt. It pursued an even course with the creek down to about 5 miles of the mouth, and from thence it bore a northeastern course into West Va. The neighborhood of Beehive, in which the Burke store was overturned, suffered the heaviest damage wrought by the cyclone in Eastern Kentucky.

MORGUE TO BE ESTABLISHED.

John W. Call, the undertaker, has made preparations to establish a morgue at Pikeville within the next 30 days, which will have four departments: An identification room, an embalming room, two dressing rooms and a chapel. This has been made necessary by the large number of deaths by railway and mine fatalities, along with various other accidents, that prove fatal. The complete equipment has already arrived, and it will at once be placed in the Bishop building, on Second-st., now occupied by W. B. Call, son of the undertaker. This equipment consists of operating tables for the dressing room, identification tables, chairs, etc., for the chapel. The morgue will have two licensed undertakers in constant attendance, Mr. Call and his son Willie.

CHURCH DEDICATION.

As announced in the Pikeville section of the NEWS last week, the new First Methodist church building on Main-st., will be dedicated for worship Sunday, March 30, at which time three separate services will be held, the first at 10 a. m., the second at 2 p. m., and the third again at 7 p. m. As formerly stated, Dr. Parr, of Kokomo, Ind., and other distinguished clergymen, including a number of former ministers of this church at Pikeville, will be present. Dr. Parr will arrive by the noon train Saturday, and a public service will be held for him at the church on Sunday morning.

afternoon Saturday, and all are cordially invited to be present. Owing to the fact that he has participated in the dedication of more churches than any other man in American Methodism, he has been chosen to preside over the present one. Being the chief official of the church Extension Board, the appointment is highly fitting and proper.

Many of the citizens of our neighboring towns will be present. A splendid program of special music and addresses has been arranged.

SHOOTING AT JENKINS.
Wire communications having been partially restored, word reaches here that at a double wedding held at Camp No. 2 last Saturday, John Wright, one of the invited guests, was accidentally shot in the leg by Cleo Vanover, an 18-year-old boy. All were evidently feeling their holiday and managed their guns just a little awkwardly.

Young Vanover has disappeared and cannot be found, but Wright is not seriously hurt, and will be well in a few days.

STREET PAVING.
Street paving began in earnest Monday morning at the west end of Scott-av. The reason that the first paving work was started in this isolated part of the city, was that the dryers' parts should be paved first, and that the business section should be reserved until the warm weather could place it in a proper condition.
